

McIvor - Duncan: Duncan passed away in Delta, British Columbia on April 10, 2010 after a short but difficult struggle with cancer. Duncan, 52, enjoyed a 30 year career as an exploration geologist during which he contributed to the success of numerous companies throughout Canada, Central and Eastern US, South America and Africa. Up until his untimely passing, Duncan served as the founding President CEO and Director of Endurance Gold Corporation. Duncan will be remembered for the integrity, loyalty, honesty and scientific excellence he dedicated to his career as a geologist.

Duncan will also be remembered by his friends and family for the rich life he lived outside the field of exploration geology. Duncan was a philosopher with an insight into life that was sharpened by a wry sense of humour; a writer who won several awards for his short stories; an artist; a passionate gardener; an avid reader and last, but not least, a passionate golfer who enjoyed equally the company of friends on a summer afternoon or the quiet solitude of a round by himself on an early spring morning.

Duncan will be greatly missed and lovingly remembered by his partner of 21 years, Karen McNair of Ladner, B.C., his father Donald, his mother Avonia (Dot), his brothers Gordon, Donald and Daniel and his sister Debbie; his nieces and his many friends, neighbours and colleagues. A private memorial service will be held on Saturday, April 17th. An on-line book of condolences can be accessed at www.personalalternative.com. In lieu of flowers, donations may be made to the Delta Hospice Society (<https://deltahospice.org>) or the Delta Regional Hospital (<https://www.deltahospital.com>). A celebration of Duncan's life for friends, family and colleagues will be held in Vancouver, B.C. on May 15, 2010 at a location to be determined. Inquires about the celebration can be directed to info@endurancegold.com.
