

HEMLO
OPERATIONS

Marathon-Hemlo Mining and Prospecting Expo

Laced with gold...metaling for more!

September
26th and 27th, 2007

Ontario is an internationally dominant mining juggernaut.

Mining is a key source of employment and wealth creation throughout the province – particularly in northern and rural communities.

Mining is part of Marathon's economic backbone. The Hemlo Gold Camp is one of the largest in Canada, and provides the local community with a number of benefits including employment for citizens and taxes to support the local and provincial economy. The mines' involvement within the community has led to many improvements and enhancements for the town.

Mining exploration is also a fast developing industry in Marathon and Northwestern Ontario. A number of junior mining companies are very active in the Marathon area undertaking mineral exploration programs for various metals. These companies are spending millions of dollars in the Marathon area in search of advancing their mineral targets.

Based on the fact mining and mining exploration are such economic powerhouses for Marathon, the Town of Marathon, and partner Hemlo Operations will be hosting the Second Annual Marathon-Hemlo Mining and Prospecting Expo on September 25th, 26th and 27th, 2007 in Marathon. This year's Expo will highlight "Environmental, Exploration, and Innovation Excellence" in the mining and natural resource industries. A site visit to the Hemlo Gold Camp will also be a feature of the program.

Furthermore, this event will further highlight Marathon's position as a mining community and a centre for exploration and development.

We would like to take this opportunity to invite you to the Marathon-Hemlo Mining and Prospecting Expo being held September 25th, 26th and 27th, 2007 in Marathon, Ontario at the Moose Hall.

Agenda

September 26th, 2007

8:30-9:00 am

Welcome and Introductions

9:00-9:30 am

Exploration Activity in Northwestern Ontario – Ministry of Northern Development and Mines

9:30-10:00 am

Hemlo Operations Geological Update

10:00-10:30 am

Diamond Mining - Ministry of Northern Development and Mines

10:30-10:45 am

Break

10:45-11:15 am

Marathon PGM

11:15-11:45 am

Williams Automation Project - Sandvik

11:45 am-1:00 pm

Lunch and Keynote Speaker - Peter Love, Chief Energy Conservation Officer, Province of Ontario

1:00-1:30 pm

Mining Activity - Wawa - MNDM

1:30-2:00 pm

Big Lake Cu-Zn-Ag-Au Discovery

Aubrey Eveleigh, Metalcorp

2:00-2:30 pm

Hemlo's Environmental Management System

Allison Brown

2:30-2:45 pm

Break

2:45-3:15 pm

Major Industry Energy Conservation

Williams Operating Corporation

Dan Atkinson - Rudy Wahl

3:15-3:45 pm

Phoenix Matachewan Mines - Steel River Project

Jim Franklin

3:45-4:15 pm

Mining Activity - Timmins - MNDM

4:15-4:45 pm

Lakehead University's Activities and Contributions

Mary Louise Hill

5:30-6:30 pm

Cocktails and Conversation

6:30-9:00 pm

Dinner and Keynote Speaker - Byron Leclair

PIC River Hydro Project

September 27th, 2007

8am-12:00 pm

Hemlo Site Visit

Rendezvous point to be determined

Trade Show Booths

**Ministry of Northern Development
and Mines**
