

## **SOIL GAS HYDROCARBON (SGH) SHORT COURSE**

Activation Laboratories invites you to join us for an upcoming short course that we will be hosting on Soil Gas Hydrocarbons (SGH). The course will take place on Monday December 8<sup>th</sup>, 2008 at The Radisson Sudbury in between the OEGS Conference

The course that we will be conducting will cover various aspects of the SGH geochemistry. Highlights of this half-day short course will include a more in-depth understanding of SGH and information on a new organo-sulphur based geochemistry, as well as results from recent SGH projects. Handouts from the course will also be provided.

- **Location:** Radisson Sudbury – Boardroom 458
- **Date:** December 8<sup>th</sup> 2008
- **Time:** 1:00pm-4:00pm
- **Duration:** 3 hours
- **Cost:** \$180.00 per person (includes handouts)

### **Course Outline - Presented by Dale Sutherland:**

**Sampling** – Design, Sample Types, Containers, Horizons

**Sample Preparation** – In Field, In Lab, Sources of Contamination

**Analysis** – Precision, Specificity, Interferences, Robustness

**Hydrocarbons** – Source, Migration, REDOX

**Uses** – Confirmation, Vectoring, Deposit Identification, Interpretation

**Reporting** – Interpretation Format, Signatures

**Case Studies** – Blind Tests, Positive Results, Negative Results

**Performance** – Reliability

### **For registration please contact:**
